AUSTRALASIAN RECORDS (1897 - 1927)

and

AUSTRALIAN RECORDS (1928-1953)

The following tables cover only the events which constitute the present schedule of Australian Championships. The successive holders of the record in each event are given from the formation of the Union in 1897. Some of the initial records, it will be seen, pre-date that year . . . Until the withdrawal of New Zealand from membership of the Union on December 31st, 1927, the records granted were for Australia and New Zealand (Group A). It became necessary to institute a list of Australian Records as at January 1st, 1928 (Group B). The main bases of this list were those records of December 31st, 1927 which had been made in Australia. In the case of those events where the Australia/New Zealand Record of that date had been made in New Zealand, the best mark among the records of the several Australian States has been introduced for statistical completeness. . . Further developments in Union policy regarding records were decisions to recognise Australian Native Records (Group C) as from January 1st, 1938, and Australian Junior (Under 19 years) Records as from January 1st, 1947. In each case, the procedure was followed of accepting authentic performances made prior to those dates in order to provide as far as possible a full schedule of initial records in each category.

- B. Australian Records 1928-1953
- C. Australian Native Records 1938-1953
- D. Australian Junior (Under 19 Years) Records 1947-1953.
